PLAN EXECUTION

INTRODUCTION

The Employer previously established this money purchase pension plan on January 1, 1981.

The Employer is of the opinion that the plan should be changed. It believes that the best means to accomplish these changes is to completely restate the plan's terms, provisions and conditions. The restatement, effective November 15, 2010, is set forth in this document and is substituted in lieu of the prior document with the exception of any good faith compliance amendment and any model amendment. Such amendment(s) shall continue to apply to this restated plan until such provisions are integrated into the plan or such amendment(s) are superseded by another amendment.

The restated plan continues to be for the exclusive benefit of employees of the Employer. All persons covered under the plan on November 14, 2010, shall continue to be covered under the restated plan with no loss of benefits.

It is intended that the plan, as restated, shall qualify as a governmental money purchase pension plan under Section 401(a) of the Internal Revenue Code of 1986, as amended, by meeting the requirements of Code Section 414(d).

This plan includes the statutory, regulatory, and guidance changes specified in the 2009 Cumulative List of Changes in Plan Qualification Requirements (2009 Cumulative List) contained in Internal Revenue Service Notice 2009-98 and the qualification requirements and guidance published before the issuance of such list. The provisions of this plan apply as of the effective date of the restatement unless otherwise specified.

For purposes of the Plan, any provisions mandated by Federal law shall remain in effect only so long as such provisions are currently required. If any such provisions are found to be unconstitutional or unenforceable, are rescinded, or are repealed or become discretionary, those portions of the Plan shall be deleted automatically, rescinded and revoked consistent with such action without any further action of the City Council of the City of Marietta.

ARTICLE I

FORMAT AND DEFINITIONS

SECTION 1.01--FORMAT.

Words and phrases defined in the DEFINITIONS SECTION of Article I shall have that defined meaning when used in this Plan, unless the context clearly indicates otherwise.

These words and phrases have an initial capital letter to aid in identifying them as defined terms.

SECTION 1.02--DEFINITIONS.

Account means, for a Participant or Beneficiary, his share of the Plan Fund.

A Participant's Account shall be reduced by any distribution of his Vested Account. A Participant's Account shall participate in the earnings credited, expenses charged, and any appreciation or depreciation of the Investment Fund. His Account is subject to any minimum guarantees applicable under the Annuity Contract or other investment arrangement and to any expenses associated therewith.

Active Participant means an Eligible Employee who is actively participating in the Plan according to the provisions in the ACTIVE PARTICIPANT SECTION of Article II.

Alternate Payee means any spouse, former spouse, child, or other dependent of a Participant who is recognized by a qualified domestic relations order as having a right to receive all, or a portion of, the benefits payable under the Plan with respect to such Participant.

Annuity Contract means the annuity contract or contracts into which the Trustee or the Employer enters with the Insurer for guaranteed benefits, for the investment of Contributions in separate accounts, and for the payment of benefits under this Plan.

Annuity Starting Date means, for a Participant, the first day of the first period for which an amount is payable as an annuity or any other form.

Beneficiary means the person or persons named by a Participant to receive any benefits under the Plan when the Participant dies. See the BENEFICIARY SECTION of Article X.

Code means the Internal Revenue Code of 1986, as amended.

Compensation means, except for purposes of the CONTRIBUTION LIMITATION SECTION of Article III, the total earnings, except as modified in this definition, from the Employer during any specified period.

"Earnings" in this definition means wages, within the meaning of Code Section 3401(a), and all other payments of compensation to an Employee by the Employer (in the course of the Employer's trade or business) for which the Employer is required to furnish the Employee a written statement under Code Sections 6041(d), 6051(a)(3), and 6052. Earnings shall be determined without regard to any rules under Code Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in

Code Section 3401(a)(2)). The type of compensation that is reported in the "Wages, Tips and Other Compensation" box on Form W-2 satisfies this definition.

Except as provided herein, Compensation for a specified period is the Compensation actually paid or made available (or if earlier, includible in gross income) during such period.

For Plan Years beginning on or after July 1, 2007, Compensation for a Plan Year shall also include Compensation paid by the later of 2 1/2 months after an Employee's Severance from Employment with the Employer maintaining the Plan or the end of the Plan Year that includes the date of the Employee's Severance from Employment with the Employer maintaining the Plan, if: (i) the payment is regular Compensation for services during the Employee's regular working hours, or Compensation for services outside the Employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments, and, absent a Severance from Employment, the payments would have been paid to the Employee while the Employee continued in employment with the Employer or (ii) the payment is for unused accrued bona fide sick, vacation or other leave that the Employee would have been able to use if employment had continued.

Any payments not described above shall not be considered Compensation if paid after Severance from Employment, even if they are paid by the later of 2 1/2 months after the date of Severance from Employment or the end of the Plan Year that includes the date of Severance from Employment.

Back pay, within the meaning of section 1.415(c)-2(g)(8) of the regulations, shall be treated as Compensation for the Plan Year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included in this definition.

Compensation paid or made available during a specified period shall include amounts that would otherwise be included in Compensation but for an election under Code Section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). Compensation shall also include employee contributions "picked up" by a governmental entity and, pursuant to Code Section 414(h)(2), treated as Employer contributions.

Compensation shall exclude the following:

For appointed Eligible Employees only, Compensation in excess of the maximum salary payable to regular (i.e. non-appointed) employees pursuant to the employee's personal pay plan ordinance

Compensation shall include Differential Wage Payments beginning January 1, 2009.

For Plan Years beginning on or after January 1, 2002, the annual Compensation of each Participant taken into account in determining contributions and allocations for any determination period (the period over which Compensation is determined) shall not exceed \$200,000, as adjusted for cost-of-living increases in accordance with Code Section 401(a)(17)(B). The cost-of-living adjustment in effect for a calendar year applies to any determination period beginning with or within such calendar year.

Provided, however, with respect to an eligible Participant, the reduced dollar limitation in the preceding paragraph does not apply to the extent that the amount of Compensation allowed to be taken into account under the Plan is reduced below the amount that was allowed to be taken into account under the Plan as in effect on July 1, 1993. For this purpose, "eligible Participant" means an individual who first became a Participant in the Plan during a Plan Year beginning before the first Yearly Date in 1996.

If a determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction. The numerator of the fraction is the number of months in the short determination period, and the denominator of the fraction is 12.

If Compensation for any prior determination period is taken into account in determining a Participant's contributions or allocations for the current Plan Year, the Compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that determination period. For this purpose, in determining contributions and allocations in Plan Years beginning on or after January 1, 2002, the annual compensation limit in effect for determination periods beginning before that date is \$200,000.

Compensation means, for a Leased Employee, Compensation for the services the Leased Employee performs for the Employer, determined in the same manner as the Compensation of Employees who are not Leased Employees, regardless of whether such Compensation is received directly from the Employer or from the leasing organization.

Contingent Annuitant means an individual named by the Participant to receive a lifetime benefit after the Participant's death in accordance with a survivorship life annuity.

Contribution Date means the date on which Employer Contributions are calculated. Employer Contributions shall be calculated each payroll period as of the last day of the payroll period.

Contributions means Employer Contributions as set out in Article III.

Designated Beneficiary means the individual who is designated by the Participant (or the Participant's surviving spouse) as the Beneficiary of the Participant's interest under the Plan and who is the designated beneficiary under Code Section 401(a)(9) and section 1.401(a)(9)-4 of the regulations.

Differential Wage Payments means any payments which are made by an Employer to an individual with respect to any period during which the individual is performing Qualified Military Service while on active duty for a period of more than 30 days, and represents all or a portion of the wages the individual would have received from the Employer if the individual were performing service for the Employer.

Direct Rollover means a payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

Distributee means an Employee or former Employee. In addition, the Employee's (or former Employee's) surviving spouse and the Employee's (or former Employee's) spouse or former spouse who is the Alternate Payee under a qualified domestic relations order, as defined in Code Section 414(p), are Distributees with regard to the interest of the spouse or former spouse.

Eligibility Service means an Employee's Period of Service. Eligibility Service shall be measured from his Employment Commencement Date to his most recent Severance Date. This Period of Service shall be reduced by any Period of Severance that occurred prior to his most recent Severance Date, unless such Period of Severance is included under the service spanning rule below. This period of Eligibility Service shall be expressed as years (on the basis that 365 days equal one year).

However, Eligibility Service is modified as follows:

Period of Military Duty included:

A Period of Military Duty shall be included as service with the Employer to the extent it has not already been credited.

Period of Severance included (service spanning rule):

A Period of Severance shall be deemed to be a Period of Service under either of the following conditions:

- (a) the Period of Severance immediately follows a period during which an Employee is not absent from work and ends within 12 months; or
- (b) the Period of Severance immediately follows a period during which an Employee is absent from work for any reason other than quitting, being discharged, or retiring (such as a leave of absence or layoff) and ends within 12 months of the date he was first absent.

Eligible Employee means any Employee of the Employer excluding the following:

Leased Employee.

An Employee considered by the Employer to be an independent contractor, or the employee of an independent contractor, who is later determined by the Internal Revenue Service to be an Employee.

An Employee employed as an elected official, judge or solicitor

An Employee employed on a contract basis.

Employed as a part-time Employee with an Employment Commencement Date prior to January 1, 2000.

Eligible Retirement Plan means an eligible plan under Code Section 457(b) which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan, an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), for taxable years beginning on or after January 1, 2008, an individual retirement plan described in Code Section 408A(b) subject to any limitations described in Code Section 408A(c), an annuity plan described in Code Section 403(a), an annuity contract described in Code Section 403(b), or a qualified plan described in Code Section 401(a), that accepts the Distributee's Eligible Rollover Distribution. The definition of Eligible Retirement Plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the Alternate Payee under a qualified domestic relations order, as defined in Code Section 414(p).

Eligible Rollover Distribution means any distribution of all or any portion of the balance to the credit of the Distributee, except that an Eligible Rollover Distribution does not include: (i) any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or joint life expectancies) of the Distributee and the Distributee's Designated Beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent such distribution is required under Code Section 401(a)(9); (iii) any hardship distribution; (iv) the portion of any other distribution(s) that is not includible

in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities); and (v) any other distribution(s) that is reasonably expected to total less than \$200 during a year.

A portion of a distribution shall not fail to be an Eligible Rollover Distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only to (i) an individual retirement account or individual retirement annuity described in Code Section 408(a) or (b); (ii) for taxable years beginning on or after January 1, 2007, a qualified plan (defined contribution or defined benefit) or an annuity contract described in Code Section 403(b) that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible; or (iii) for taxable years beginning on or after January 1, 2008, an individual retirement plan described in Code Section 408A(b) subject to any limitations in Code Section 408A(c) that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

Employee means an individual who is employed by the Employer or any other employer required to be aggregated with the Employer under Code Sections 414(b), (c), (m), or (o).

Beginning January 1, 2009, the term Employee shall include any individual receiving Differential Wage Payments.

The term Employee shall also include any Leased Employee deemed to be an employee of any employer described in the preceding paragraphs as provided in Code Section 414(n) or (o).

Employer means, except for purposes of the CONTRIBUTION LIMITATION SECTION of Article III, City of Marietta, a municipal corporation, and the City of Marietta Board of Lights and Waterworks, a municipal utility.

Inactive Participant means a former Active Participant who has an Account. See the INACTIVE PARTICIPANT SECTION of Article II.

Insurer means Principal Life Insurance Company or the insurance company or companies named by (i) the Employer or (ii) the Trustee in its discretion or as directed under the Trust Agreement.

Investment Fund means the total of Plan assets, excluding the guaranteed benefit policy portion of any Annuity Contract. All or a portion of these assets may be held under, or invested pursuant to, the terms of a Trust Agreement.

The Investment Fund shall be valued at current fair market value as of the Valuation Date. The valuation shall take into consideration investment earnings credited, expenses charged, payments made, and changes in the values of the assets held in the Investment Fund.

The Investment Fund shall be allocated at all times to Participants, except as otherwise expressly provided in the Plan. The Account of a Participant shall be credited with its share of the gains and losses of the Investment Fund. That part of a Participant's Account invested in a funding arrangement that establishes one or more accounts or investment vehicles for such Participant thereunder shall be credited with the gain or loss from such accounts or investment vehicles. The part of a Participant's Account that is invested in other funding arrangements shall be credited with a proportionate share of the gain or loss of such investments. The share shall be determined by multiplying the gain or loss of the investment by the ratio of the part of the Participant's Account invested in such funding arrangement to the total of the Investment Fund invested in such funding arrangement.

Investment Manager means any fiduciary (other than a trustee)

- (a) who has the power to manage, acquire, or dispose of any assets of the Plan;

A later Retirement Date may apply if the Participant so elects. See the WHEN BENEFITS START SECTION of Article V.

Leased Employee means any person (other than an employee of the recipient) who, pursuant to an agreement between the recipient and any other person ("leasing organization"), has performed services for the recipient (or for the recipient and related persons determined in accordance with Code Section 414(n)(6)) on a substantially full time basis for a period of at least one year, and such services are performed under primary direction or control by the recipient. Contributions or benefits provided by the leasing organization to a Leased Employee, which are attributable to service performed for the recipient employer, shall be treated as provided by the recipient employer.

A Leased Employee shall not be considered an employee of the recipient if:

- (a) by reason of pregnancy of the Employee,
- (b) by reason of birth of a child of the Employee,

Period of Military Duty means, for an Employee

- (a) who served as a member of the armed forces of the United States, and
- (b) who was reemployed by the Employer at a time when the Employee had a right to reemployment in accordance with seniority rights as protected under Chapter 43 of Title 38 of the U.S. Code,

- (b) the first anniversary of the date an Employee begins a one-year absence from service (with or without pay). This absence may be the result of any combination of vacation, holiday, sickness, disability, leave of absence, or layoff.

Solely to determine whether a one-year Period of Severance has occurred for eligibility or vesting purposes for an Employee who is absent from service beyond the first anniversary of the first day of a Parental Absence, Severance Date is the second anniversary of the first day of the Parental Absence. The period between the first and second anniversaries of the first day of the Parental Absence is not a Period of Service and is not a Period of Severance.

Severance from Employment means, except for purposes of the CONTRIBUTION LIMITATION SECTION of Article III, an Employee's termination of employment that may result from retirement, death, disability, voluntary or involuntary termination, unauthorized absence, or by failure to return to active employment with the Employer by the date on which an authorized Leave of Absence expires.

An Employee has a Severance from Employment when the Employee ceases to be an Employee of the Employer maintaining the Plan. An Employee does not have a Severance from Employment if, in connection with the change of employment, the Employee's new employer maintains such plan with respect to the Employee. This date is his Entry Date.

(1) He has completed one year of Eligibility Service before his Entry Date.

An Employee who is a part-time or temporary part-time Employee shall first become an Active Participant (begin active participation in the Plan) on the first day of the payroll period on or after the date he is an Eligible Employee. This date is his Entry Date.

An Employee or former Employee who was an Inactive Participant on November 14, 2010, shall continue to be an Inactive Participant on November 15, 2010. ARTICLE III

CONTRIBUTIONS

SECTION 3.01--EMPLOYER CONTRIBUTIONS.

The Employer shall make Employer Contributions for each person who meets the requirements of this section. A person meets the requirements of this section if he was an Active Participant at any time since the last Contribution Date.

If an Employee is a regular full time Employee, the amount of the Employer Contribution for each eligible person shall be calculated as of the Contribution Date and shall be equal to 6.13% of the Participant's Payroll Period Compensation.

If an Employee is a part-time or temporary part-time Employee, the amount of the Employer Contribution for each eligible person shall be calculated as of the Contribution Date and shall be equal to 7.5% of the Participant's Payroll Period Compensation.

Employer Contributions are 100% vested when made.

To determine the amount of Employer Contributions for a Participant who is a Leased Employee, contributions provided by the leasing organization that are attributable to services such Leased Employee performs for the Employer shall be treated as provided by the Employer. Those contributions shall not be duplicated under this Plan.

The Employer Contribution calculated above for each person shall be credited to his Account when made.

A portion of the Plan assets resulting from Employer Contributions (but not more than the original amount of those Contributions) may be returned if the Employer Contributions are made because of a mistake of fact. The amount involved must be returned to the Employer within one year after the date the Employer Contributions are made by mistake of fact. Except as provided under this paragraph and in Article VIII, the assets of the Plan shall never be used for the benefit of the Employer and are held for the exclusive purpose of providing benefits to Participants and their Beneficiaries and for defraying reasonable expenses of administering the Plan.

SECTION 3.02--CONTRIBUTION LIMITATION.

Contributions to the Plan shall be limited in accordance with Code Section 415 and the regulations thereunder. The limitations of this section shall apply to Limitation Years beginning on or after July 1, 2007, except as otherwise provided herein.

- (a) Definitions. For the purpose of determining the contribution limitation set forth in this section, the following terms are defined.

Annual Additions means the sum of the following amounts credited to a Participant's account for the Limitation Year:

- (1) employer contributions (permitted in this Plan);
- (2) employee contributions (not permitted in this Plan); and
- (3) forfeitures (not permitted in this Plan).

Annual Additions to a defined contribution plan, as defined in section 1.415(c)-1(a)(2)(i) of the regulations, shall also include the following:

- (4) mandatory employee contributions, as defined in Code Section 411(c)(2)(C) and section 1.411(c)-1(c)(4) of the regulations, to a defined benefit plan;
- (5) contributions allocated to any individual medical benefit account, as defined in Code Section 415(l)(2), which is part of a pension or annuity plan maintained by the Employer;
- (6) amounts attributable to post-retirement medical benefits, allocated to the separate account of a key employee, as defined in Code Section 419A(d)(3), under a welfare benefit fund, as defined in Code Section 419(e), maintained by the Employer; and
- (7) annual additions under an annuity contract described in Code Section 403(b).

Compensation means wages, within the meaning of Code Section 3401(a), and all other payments of compensation to an employee by the Employer (in the course of the Employer's trade or business) for which the Employer is required to furnish the employee a written statement under Code Sections 6041(d), 6051(a)(3), and 6052. Compensation shall be determined without regard to any rules under Code Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in Code Section 3401(a)(2)). The type of compensation that is reported in the "Wages, Tips and Other Compensation" box on Form W-2 satisfies this definition.

Except as provided herein, Compensation for a Limitation Year is the Compensation actually paid or made available (or if earlier, includible in gross income) during such Limitation Year.

For Limitation Years beginning on or after July 1, 2007, Compensation for a Limitation Year shall also include Compensation paid by the later of 2 1/2 months after an employee's Severance from Employment with the Employer maintaining the plan or the end of the Limitation Year that includes the date of the employee's Severance from Employment with the Employer maintaining the plan, if: (i) the payment is regular Compensation for services during the employee's regular working hours, or Compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments, and, absent a Severance from Employment, the payments would have been paid to the employee while the employee continued in employment with the Employer or (ii) the payment is for unused accrued bona fide sick, vacation or other leave that the employee would have been able to use if employment had continued.

Any payments not described above shall not be considered Compensation if paid after Severance from Employment, even if they are paid by the later of 2 1/2 months after the date of Severance from Employment or the end of the Limitation Year that includes the date of Severance from Employment.

Beginning January 1, 2009, Compensation shall include Differential Wage Payments.

Back pay, within the meaning of section 1.415(c)-2(g)(8) of the regulations, shall be treated as Compensation for the Limitation Year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included in this definition.

Compensation paid or made available during such Limitation Year shall include amounts that would otherwise be included in Compensation but for an election under Code Section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b).

Compensation shall not include amounts paid as Compensation to a nonresident alien, as defined in Code Section 7701(b)(1)(B), who is not a Participant in the Plan to the extent the Compensation is excludible from gross income and is not effectively connected with the conduct of a trade or business within the United States.

Defined Contribution Dollar Limitation means, effective for Limitation Years beginning after December 31, 2001, \$40,000, automatically adjusted under Code Section 415(d), effective January 1 of each year, as published in the Internal Revenue Bulletin. The new limitation shall apply to Limitation Years ending with or within the calendar year of the date of the adjustment, but a Participant's Annual Additions for a Limitation Year cannot exceed the currently applicable dollar limitation (as in effect before the January 1 adjustment) prior to January 1. However, after a January 1 adjustment is made, Annual Additions for the entire Limitation Year are permitted to reflect the dollar limitation as adjusted on January 1.

Employer means the employer that adopts this Plan, and all members of a controlled group of corporations (as defined in Code Section 414(b) as modified by Code Section 415(h)), all commonly controlled trades or businesses (as defined in Code Section 414(c), as modified, except in the case of a brother-sister group of trades or businesses under common control, by Code Section 415(h)), or affiliated service groups (as defined in Code Section 414(m)) of which the adopting employer is a part, and any other entity required to be aggregated with the employer pursuant to Code Section 414(o).

Limitation Year means the consecutive 12-month period ending on the last day of each Plan Year, including corresponding consecutive 12-month periods before January 1, 1981. If the Limitation Year is other than the calendar year, execution of this Plan (or any amendment to this Plan changing the Limitation Year) constitutes the Employer's adoption of a written resolution electing the Limitation Year. If the Limitation Year is amended to a different consecutive 12-month period, the new Limitation Year must begin on a date within the Limitation Year in which the amendment is made.

Maximum Annual Addition means, for Limitation Years beginning on or after January 1, 2002, the Annual Addition that may be contributed or allocated to a Participant's Account under the Plan for any Limitation Year. This amount shall not exceed the lesser of:

- (1) The Defined Contribution Dollar Limitation, or
- (2) 100 percent of the Participant's Compensation for the Limitation Year.

A Participant's Compensation for a Limitation Year shall not include Compensation in excess of the limitation under Code Section 401(a)(17) that is in effect for the calendar year in which the Limitation Year begins.

The compensation limitation referred to in (2) shall not apply to an individual medical benefit account (as defined in Code Section 415(l); or a post-retirement medical benefits account for a key employee (as defined in Code Section 419A(d)(1)).

If a short Limitation Year is created because of an amendment changing the Limitation Year to a different consecutive 12-month period, the Maximum Annual Addition will not exceed the Defined Contribution Dollar Limitation multiplied by the following fraction:

$$\frac{\text{Number of months (including any fractional parts of a month) in the short Limitation Year}}{12}$$

If the Plan is terminated as of a date other than the last day of the Limitation Year, the Plan is treated as if the Plan was amended to change the Limitation Year and create a short Limitation Year ending on the date the Plan is terminated.

If a short Limitation Year is created, the limitation under Code Section 401(a)(17) shall be prorated in the same manner as the Defined Contribution Dollar Limitation.

Predecessor Employer means, with respect to a Participant, a former employer if the Employer maintains a plan that provides a benefit which the Participant accrued while performing services for the former employer. Predecessor Employer also means, with respect to a Participant, a former entity that antedates the Employer if, under the facts and circumstances, the Employer constitutes a continuation of all or a portion of the trade or business of the former entity.

Severance from Employment means an employee has ceased to be an employee of the Employer maintaining the plan. An employee does not have a Severance from Employment if, in connection with a change of employment, the employee's new employer maintains the plan with respect to the employee.

- (b) If the Participant does not participate in another defined contribution plan, as defined in section 1.415(c)-1(a)(2)(i) of the regulations (without regard to whether the plan(s) have been terminated) maintained by the Employer, the amount of Annual Additions that may be credited to the Participant's Account for any Limitation Year shall not exceed the lesser of the Maximum Annual Addition or any other limitation contained in this Plan. If the Employer Contribution that would otherwise be contributed or allocated to the Participant's Account would cause the Annual Additions for the Limitation Year to exceed the Maximum Annual Addition, the amount contributed or allocated shall be reduced so that the Annual Additions for the Limitation Year will equal the Maximum Annual Addition.
- (c) If, in addition to this Plan, the Participant is covered under another defined contribution plan, as defined in section 1.415(c)-1(a)(2)(i) of the regulations, (without regard to whether the plan(s) have been terminated) maintained by the Employer that provides an Annual Addition during any Limitation Year, the Annual Additions that may be credited to a Participant's Account under this Plan for any such Limitation Year will not exceed the Maximum Annual Addition, reduced by the Annual Additions credited to a Participant's Account under the other defined contribution plan(s) for the same Limitation Year. If the Annual Additions with respect to the Participant under the other defined contribution plan(s) maintained by the Employer are less than the Maximum Annual Addition, and the Employer Contribution that would otherwise be contributed or allocated to the Participant's Account under this Plan would cause the Annual Additions for the Limitation Year to exceed this limitation, the amount contributed or allocated will be reduced so that the Annual

Additions under all such plans and funds for the Limitation Year will equal the Maximum Annual Addition. If the Annual Additions with respect to the Participant under the other defined contribution plan(s) in the aggregate are equal to or greater than the Maximum Annual Addition, no amount will be contributed or allocated to the Participant's Account under this Plan for the Limitation Year.

- (d) The limitation of this section shall be determined and applied taking into account the rules in subparagraph (e) below.
- (e) Other Rules
 - (1) Aggregating Plans. For purposes of applying the limitations of this section for a Limitation Year, all defined contribution plans (as defined in section 1.415(c)-1(a)(2)(i) of the regulations and without regard to whether the plan(s) have been terminated) ever maintained by the Employer and all defined contribution plans of a Predecessor Employer (in the Limitation Year in which such Predecessor Employer is created) under which a Participant receives Annual Additions are treated as one defined contribution plan.
 - (2) Break-up of Affiliated Employers. The Annual Additions under a formerly affiliated plan (as defined in section 1.415(f)-1(b)(2)(ii) of the regulations) of the Employer are taken into account for purposes of applying the limitations of this section for the Limitation Year in which the cessation of affiliation took place.
 - (3) Previously Unaggregated Plans. The limitations of this section are not exceeded for the first Limitation Year in which two or more existing plans, which previously were not required to be aggregated pursuant to section 1.415(f) of the regulations, are aggregated, provided that no Annual Additions are credited to a Participant after the date on which the plans are required to be aggregated if the Annual Additions already credited to the Participant in the existing plans equal or exceed the Maximum Annual Addition.
 - (4) Aggregation with Multiemployer Plan. If the Employer maintains a multiemployer plan, as defined in Code Section 414(f), and the multiemployer plan so provides, only the Annual Additions under the multiemployer plan that are provided by the Employer shall be treated as Annual Additions provided under a plan maintained by the Employer for purposes of this section.

ARTICLE IV

INVESTMENT OF CONTRIBUTIONS

SECTION 4.01--INVESTMENT OF CONTRIBUTIONS.

The handling of Contributions and Plan assets is governed by the provisions of the Trust Agreement and any other relevant document, such as an Annuity Contract (for the purposes of this paragraph alone, the Trust Agreement and such other documents will each be referred to as a "document" or collectively as the "documents"), duly entered into by or with regard to the Plan that govern such matters. To the extent permitted by the documents, the parties named below shall direct the Contributions for investment in any of the investment options or investment vehicles available to the Plan under or through the documents, and may request the transfer of amounts resulting from those Contributions between such investment options and investment vehicles. A Participant may not direct the investment of all or any portion of his Account in collectibles. Collectibles mean any work of art, rug or antique, metal or gem, stamp or coin, alcoholic beverage, or other tangible personal property specified by the Secretary of the Treasury. However, for tax years beginning after December 31, 1997, certain coins and bullion as provided in Code Section 408(m)(3) shall not be considered collectibles. To the extent that a Participant who has the ability to provide investment direction fails to give timely investment direction, the amount for which no investment direction is in place shall be invested in such investment options and investment vehicles as provided in the service and expense agreement or such other documents duly entered into by or with regard to the Plan that govern such matters. If the Employer has investment direction, the Contributions shall be invested ratably in the investment options and investment vehicles available to the Plan under or through the documents. The Employer shall have investment direction for amounts that have not been allocated to Participants. To the extent an investment is no longer available, the Employer may require that amounts currently held in such investment be reinvested in other investments.

- (a) Employer Contributions: The Participant shall direct the investment of Employer Contributions and transfer of amounts resulting from those Contributions.

However, the Plan Administrator may delegate to the Investment Manager investment direction for Contributions and amounts which the Participant has not provided direction.

All Contributions are forwarded by the Employer to (i) the Trustee to be deposited in the Trust Fund or otherwise invested by the Trustee in accordance with the relevant documents; or (ii) the Insurer to be deposited under the Annuity Contract, as applicable.

ARTICLE V

BENEFITS

SECTION 5.01--RETIREMENT BENEFITS.

On a Participant's Retirement Date, 100% of his Account shall be distributed to him according to the distribution of benefits provisions of Article VI and the provisions of the SMALL AMOUNTS SECTION of Article X.

SECTION 5.02--DEATH BENEFITS.

If a Participant dies before his Annuity Starting Date, 100% of his Account shall be distributed according to the distribution of benefits provisions of Article VI and the provisions of the SMALL AMOUNTS SECTION of Article X.

SECTION 5.03--VESTED BENEFITS.

If an Inactive Participant's Vested Account is not payable under the SMALL AMOUNTS SECTION of Article X, he may elect, but is not required, to receive a distribution of any part of his Vested Account after he has a Severance from Employment. A distribution under this paragraph shall be a retirement benefit and shall be distributed to the Participant according to the distribution of benefits provisions of Article VI.

A Participant may not elect to receive a distribution under the provisions of this section after he again becomes an Employee until he subsequently has a Severance from Employment and meets the requirements of this section.

If an Inactive Participant does not receive an earlier distribution, upon his Retirement Date or death, his Vested Account shall be distributed according to the provisions of the RETIREMENT BENEFITS SECTION or the DEATH BENEFITS SECTION of this article.

SECTION 5.04--WHEN BENEFITS START.

The Participant may elect to have benefits begin after the later of his Normal Retirement Date or the date he has a Severance from Employment, subject to the following provisions of this section. The Participant shall make the election in writing. Such election must be made before his distributions begin. The Participant shall not elect a date for beginning benefits or a form of distribution that would result in a benefit payable when he dies which would be more than incidental within the meaning of governmental regulations.

Benefits shall begin by the Participant's Required Beginning Date, as defined in the DEFINITIONS SECTION of Article VII.

SECTION 5.05--DISTRIBUTIONS UNDER QUALIFIED DOMESTIC RELATIONS ORDERS.

The Plan specifically permits distributions to an Alternate Payee under a qualified domestic relations order as defined in Code Section 414(p), at any time, irrespective of whether the Participant has attained his earliest retirement age, as defined in Code Section 414(p), under the Plan. A distribution to an Alternate

Payee before the Participant has attained his earliest retirement age is available only if the order specifies that distribution shall be made prior to the earliest retirement age or allows the Alternate Payee to elect a distribution prior to the earliest retirement age.

Nothing in this section shall permit a Participant to receive a distribution at a time otherwise not permitted under the Plan nor shall it permit the Alternate Payee to receive a form of payment not permitted under the Plan.

The benefit payable to an Alternate Payee shall be subject to the provisions of the SMALL AMOUNTS SECTION of Article X if the value of the benefit does not exceed \$5,000.

The Plan shall make payments or distributions required under this section by separate benefit checks or other separate distribution to the Alternate Payee(s).

ARTICLE VI

DISTRIBUTION OF BENEFITS

SECTION 6.01--AUTOMATIC FORMS OF DISTRIBUTION.

Unless an optional form of benefit is selected pursuant to an election within the election period (see the ELECTION PROCEDURES SECTION of this article), the automatic form of benefit payable to or on behalf of a Participant is determined as follows:

- (a) Retirement Benefits. The automatic form of retirement benefit for a Participant who does not die before his Annuity Starting Date shall be the Normal Form.
- (b) Death Benefits. The automatic form of death benefit for a Participant who dies before his Annuity Starting Date shall be a single sum payment to the Participant's Beneficiary.

SECTION 6.02--OPTIONAL FORMS OF DISTRIBUTION.

- (a) Retirement Benefits. The optional forms of retirement benefit shall be the following: (i) a straight life annuity; (ii) single life annuities with certain periods of 5, 10, or 15 years; (iii) a single life annuity with installment refund; (iv) survivorship life annuities with installment refund and survivorship percentages of 50%, 66 2/3%, 75%, or 100%; (v) fixed period annuities for any period of whole months that is not less than 60; (vi) a fixed period installment option; and (vii) a fixed payment installment option.

The fixed period installment option is an optional form of benefit under which the Participant elects to receive substantially equal annual payments over a fixed period of whole years. The annual payment may be paid in annual, semi-annual, quarterly, or monthly installments as elected by the Participant. The Participant may elect to receive additional payments.

The fixed payment installment option is an optional form of benefit under which the Participant elects to receive a specified dollar amount each year. The annual payment may be paid in annual, semi-annual, quarterly, or monthly installments as elected by the Participant. The Participant may elect to receive additional payments.

Under the installment options the amount payable in the Participant's first Distribution Calendar Year, as defined in the DEFINITIONS SECTION of Article VII, must satisfy the minimum distribution requirements of Article VII for such year. Distributions for later Distribution Calendar Years must satisfy the minimum distribution requirements of Article VII for such years. If the Participant's Annuity Starting Date does not occur until his second Distribution Calendar Year, the amount payable for such year must satisfy the minimum distribution requirements of Article VII for both the first and second Distribution Calendar Years.

Election of an optional form is subject to the election provisions of the ELECTION PROCEDURES SECTION of this article and the distribution requirements of Article VII.

Any annuity contract distributed shall be nontransferable.

- (b) Death Benefits. The optional forms of death benefit are a single sum payment and any other form that is an optional form of retirement benefit.

Election of an optional form is subject to the election provisions of the ELECTION PROCEDURES SECTION of this article and the distribution requirements of Article VII.

SECTION 6.03--ELECTION PROCEDURES.

The Participant or Beneficiary shall make any election under this section in writing. The Plan Administrator may require such individual to complete and sign any necessary documents as to the provisions to be made. Any election permitted under (a) and (b) below shall be subject to the election provisions of (c) below.

- (a) Retirement Benefits. A Participant may elect his Beneficiary or Contingent Annuitant and may elect to have retirement benefits distributed under any of the optional forms of retirement benefit available in the OPTIONAL FORMS OF DISTRIBUTION SECTION of this article.
- (b) Death Benefits. A Participant may elect his Beneficiary and may elect to have death benefits distributed under any of the optional forms of death benefit available in the OPTIONAL FORMS OF DISTRIBUTION SECTION of this article.

If the Participant has not elected an optional form of distribution for the death benefit payable to his Beneficiary, the Beneficiary may, for his own benefit, elect the form of distribution, in like manner as a Participant.

- (c) Election. The Participant or Beneficiary may make an election at any time during the election period. The Participant or Beneficiary may revoke the election made (or make a new election) at any time and any number of times during the election period.
 - (1) Election Period for Retirement Benefits. A Participant may make an election as to retirement benefits at any time before the Annuity Starting Date.
 - (2) Election Period for Death Benefits. A Participant may make an election as to death benefits at any time before he dies. The Beneficiary's election period begins on the date the Participant dies and ends on the date benefits begin.

A Participant's Account under the Plan shall be forfeited, reduced or limited in the manner and to the extent provided under O.C.G.A. Section 47-1-21 through Sections 47-1-25, if convicted of a public employment, drug related or other covered crime.

ARTICLE VII

REQUIRED MINIMUM DISTRIBUTIONS

SECTION 7.01--APPLICATION.

The optional forms of distribution are only those provided in Article VI. An optional form of distribution shall not be permitted unless it meets the requirements of this article. The timing of any distribution must meet the requirements of this article.

SECTION 7.02--DEFINITIONS.

For purposes of this article, the following terms are defined:

Distribution Calendar Year means a calendar year for which a minimum distribution is required. For distributions beginning before the Participant's death, the first Distribution Calendar Year is the calendar year immediately preceding the calendar year that contains the Participant's Required Beginning Date. For distributions beginning after the Participant's death, the first Distribution Calendar Year is the calendar year in which distributions are required to begin under (b)(2) of the REQUIRED MINIMUM DISTRIBUTIONS SECTION of this article. The required minimum distribution for the Participant's first Distribution Calendar Year will be made on or before the Participant's Required Beginning Date. The required minimum distribution for other Distribution Calendar Years, including the required minimum distribution for the Distribution Calendar Year in which the Participant's Required Beginning Date occurs, will be made on or before December 31 of that Distribution Calendar Year.

Life Expectancy means life expectancy as computed by use of the Single Life Table in Q&A-1 in section 1.401(a)(9)-9 of the regulations.

Participant's Account Balance means the Account balance as of the last Valuation Date in the calendar year immediately preceding the Distribution Calendar Year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the Account as of dates in the valuation calendar year after the Valuation Date and decreased by distributions made in the valuation calendar year after the Valuation Date. The Account balance for the valuation calendar year includes any amounts rolled over or transferred to the Plan either in the valuation calendar year or in the Distribution Calendar Year if distributed or transferred in the valuation calendar year.

Required Beginning Date means, for a Participant, April 1 of the calendar year following the later of the calendar year in which he attains age 70 1/2 or the calendar year in which he retires.

SECTION 7.03--REQUIRED MINIMUM DISTRIBUTIONS.

(a) General Rules.

- (1) The requirements of this article shall apply to any distribution of a Participant's interest and will take precedence over any inconsistent provisions of this Plan. Unless otherwise specified, the provisions of this article apply to calendar years beginning after December 31, 2002.

- (2) All distributions required under this article shall be determined and made in accordance with the regulations under Code Section 401(a)(9), including the incidental death benefit requirement in Code Section 401(a)(9)(G), and the regulations thereunder.

(b) Time and Manner of Distribution.

- (1) Required Beginning Date. The Participant's entire interest will be distributed, or begin to be distributed, to the Participant no later than the Participant's Required Beginning Date.
- (2) Death of Participant Before Distributions Begin. If the Participant dies before distributions begin, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:
- (i) If the Participant's surviving spouse is the Participant's sole Designated Beneficiary, then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 70 1/2, if later, except to the extent that an election is made to receive distributions in accordance with the 5-year rule under (e) below. Under the 5-year rule, the Participant's entire interest will be distributed to the Designated Beneficiary by December 31 of the calendar year containing the fifth anniversary of the Participant's death.
 - (ii) If the Participant's surviving spouse is not the Participant's sole Designated Beneficiary, then distributions to the Designated Beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, except to the extent that an election is made to receive distributions in accordance with the 5-year rule under (e) below. Under the 5-year rule, the Participant's entire interest will be distributed to the Designated Beneficiary by December 31 of the calendar year containing the fifth anniversary of the Participant's death.
 - (iii) If there is no Designated Beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.
 - (iv) If the Participant's surviving spouse is the Participant's sole Designated Beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse are required to begin, this (b)(2), other than (b)(2)(i), will apply as if the surviving spouse were the Participant.

For purposes of this (b)(2) and (d) below, unless (b)(2)(iv) above applies, distributions are considered to begin on the Participant's Required Beginning Date. If (b)(2)(iv) above applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under (b)(2)(i) above. If distributions under an annuity purchased from an insurance company irrevocably commence to the Participant before the Participant's Required Beginning Date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under (b)(2)(i) above), the date distributions are considered to begin is the date distributions actually commence.

- (3) Forms of Distribution. Unless the Participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the Required Beginning Date, as of the first Distribution Calendar Year distributions will be made in accordance with (c) and (d) below. If the Participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder will be made in accordance with the requirements of Code Section 401(a)(9) and the regulations thereunder.

(c) Required Minimum Distributions During Participant's Lifetime.

- (1) Amount of Required Minimum Distribution For Each Distribution Calendar Year. During the Participant's lifetime, the minimum amount that will be distributed for each Distribution Calendar Year is the lesser of:
- (i) the quotient obtained by dividing the Participant's Account Balance by the distribution period in the Uniform Lifetime Table set forth in Q&A-2 in section 1.401(a)(9)-9 of the regulations, using the Participant's age as of the Participant's birthday in the Distribution Calendar Year; or
 - (ii) if the Participant's sole Designated Beneficiary for the Distribution Calendar Year is the Participant's spouse, the quotient obtained by dividing the Participant's Account Balance by the number in the Joint and Last Survivor Table set forth in Q&A-3 in section 1.401(a)(9)-9 of the regulations, using the Participant's and spouse's attained ages as of the Participant's and spouse's birthdays in the Distribution Calendar Year.
- (2) Lifetime Required Minimum Distributions Continue Through Year of Participant's Death. Required minimum distributions will be determined under this (c) beginning with the first Distribution Calendar Year and continuing up to, and including, the Distribution Calendar Year that includes the Participant's date of death.

(d) Required Minimum Distributions After Participant's Death.

(1) Death On or After Date Distributions Begin.

- (i) Participant Survived by Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each Distribution Calendar Year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the longer of the remaining Life Expectancy of the Participant or the remaining Life Expectancy of the Participant's Designated Beneficiary, determined as follows:
- A. The Participant's remaining Life Expectancy is calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.
 - B. If the Participant's surviving spouse is the Participant's sole Designated Beneficiary, the remaining Life Expectancy of the surviving spouse is calculated for each Distribution Calendar Year after the year of the Participant's death using the surviving spouse's age as of the spouse's birthday in that year. For Distribution Calendar Years after the year of the

surviving spouse's death, the remaining Life Expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.

C. If the Participant's surviving spouse is not the Participant's sole Designated Beneficiary, the Designated Beneficiary's remaining Life Expectancy is calculated using the age of the Beneficiary in the year following the year of the Participant's death, reduced by one for each subsequent year.

(ii) No Designated Beneficiary. If the Participant dies on or after the date distributions begin and there is no Designated Beneficiary as of September 30 of the year after the year of the Participant's death, the minimum amount that will be distributed for each Distribution Calendar Year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the Participant's remaining Life Expectancy calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.

(2) Death Before Date Distributions Begin.

(i) Participant Survived by Designated Beneficiary. If the Participant dies before the date distributions begin and there is a Designated Beneficiary, the minimum amount that will be distributed for each Distribution Calendar Year after the year of the Participant's death is the quotient obtained by dividing the Participant's Account Balance by the remaining Life Expectancy of the Participant's Designated Beneficiary, determined as provided in (d)(1) above, except to the extent that an election is made to receive distributions in accordance with the 5-year rule under (e) below. Under the 5-year rule, the Participant's entire interest will be distributed to the Designated Beneficiary by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(ii) No Designated Beneficiary. If the Participant dies before the date distributions begin and there is no Designated Beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(iii) Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin. If the Participant dies before the date distributions begin, the Participant's surviving spouse is the Participant's sole Designated Beneficiary, and the surviving spouse dies before distributions are required to begin to the surviving spouse under (b)(2)(i) above, this (d)(2) will apply as if the surviving spouse were the Participant.

(e) Election of 5-year Rule. Participants or Beneficiaries may elect on an individual basis whether the 5-year rule in (b)(2) and (d)(2) above applies to distributions after the death of a Participant who has a Designated Beneficiary. The election must be made no later than the earlier of September 30 of the calendar year in which the distribution would be required to begin under (b)(2) above if no such election is made, or by September 30 of the calendar year which contains the fifth anniversary of the Participant's (or, if applicable, surviving spouse's) death.

(f) Notwithstanding any provisions of the Plan to the contrary, a Participant who would have been required to receive required minimum distributions for 2009 but for the enactment of section Code Section

401(a)(9)(H) will not receive those distributions for 2009 unless the Participant chooses to receive such distributions. Participants described in the preceding sentence will be given the opportunity to elect to receive the distributions described in the preceding sentence. In addition, any 2009 required minimum distributions will be treated as eligible rollover distributions.

SECTION 7.04--TEFRA SECTION 242(b)(2) ELECTIONS.

- (a) Notwithstanding the other requirements of this article, distribution on behalf of any Participant who has made a designation under section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (a section 242(b)(2) election) may be made in accordance with all of the following requirements (regardless of when such distribution commences):
 - (1) The distribution by the Plan is one that would not have disqualified such Plan under Code Section 401(a)(9) as in effect prior to amendment by the Deficit Reduction Act of 1984.
 - (2) The distribution is in accordance with a method of distribution designated by the Participant whose interest in the Plan is being distributed or, if the Participant is deceased, by a Beneficiary of such Participant.
 - (3) Such designation was in writing, was signed by the Participant or the Beneficiary, and was made before January 1, 1984.
 - (4) The Participant had accrued a benefit under the Plan as of December 31, 1983.
 - (5) The method of distribution designated by the Participant or the Beneficiary specifies the time at which distribution will commence, the period over which distributions will be made, and in the case of any distribution upon the Participant's death, the Beneficiaries of the Participant listed in order of priority.
- (b) A distribution upon death will not be covered by this transitional rule unless the information in the designation contains the required information described above with respect to the distributions to be made upon the death of the Participant.
- (c) For any distribution which commences before January 1, 1984, but continues after December 31, 1983, the Participant, or the Beneficiary, to whom such distribution is being made, will be presumed to have designated the method of distribution under which the distribution is being made if the method of distribution was specified in writing and the distribution satisfies the requirements in (a)(1) and (5) above.
- (d) If a designation is revoked, any subsequent distribution must satisfy the requirements of Code Section 401(a)(9) and the regulations thereunder. If a designation is revoked subsequent to the date distributions are required to begin, the Plan must distribute by the end of the calendar year following the calendar year in which the revocation occurs the total amount not yet distributed which would have been required to have been distributed to satisfy Code Section 401(a)(9) and the regulations thereunder, but for the section 242(b)(2) election. For calendar years beginning after December 31, 1988, such distributions must meet the minimum distribution incidental benefit requirements. Any changes in the designation will be considered to be a revocation of the designation. However, the mere substitution or addition of another Beneficiary (one not named in the designation) under the designation will not be considered to be a revocation of the designation, so long as such substitution or addition does not alter the period over which

distributions are to be made under the designation, directly or indirectly (for example, by altering the relevant measuring life).

- (e) In the case in which an amount is transferred or rolled over from one plan to another plan, the rules in Q&A-14 and Q&A-15 in section 1.401(a)(9)-8 of the regulations shall apply.

SECTION 7.05--TRANSITION RULES.

ARTICLE VIII

TERMINATION OF THE PLAN

The Employer expects to continue the Plan indefinitely but reserves the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned.

The Account of each Participant shall be 100% vested and nonforfeitable as of the effective date of complete termination of the Plan. The Account of each Participant who is included in the group of Participants deemed to be affected by the partial termination of the Plan shall be 100% vested and nonforfeitable as of the effective date of the partial termination of the Plan. The Participant's Vested Account shall continue to participate in the earnings credited, expenses charged, and any appreciation or depreciation of the Investment Fund until his Vested Account is distributed.

A Participant's Vested Account may be distributed to the Participant after the effective date of the complete termination of the Plan. A distribution under this article shall be a retirement benefit and shall be distributed to the Participant according to the provisions of Article VI. However, the fixed period and fixed payment installment options shall not be available.

If a Participant or Beneficiary is receiving payments under the fixed period or fixed payment installment option, the Vested Account shall be paid to such person in a single sum.

The Participant's entire Vested Account shall be paid in a single sum to the Participant as of the effective date of complete termination of the Plan if the Participant's Vested Account is \$5,000 or less. This is a small amounts payment. The small amounts payment is in full settlement of all benefits otherwise payable.

Upon complete termination of the Plan, no more Employees shall become Participants and no more Contributions shall be made.

The assets of this Plan shall not be paid to the Employer at any time, except that, after the satisfaction of all liabilities under the Plan, any assets remaining may be paid to the Employer. The payment may not be made if it would contravene any provision of law.

ARTICLE IX

ADMINISTRATION OF THE PLAN

SECTION 9.01--ADMINISTRATION.

Subject to the provisions of this article, the Plan Administrator has complete control of the administration of the Plan. The Plan Administrator has all the powers necessary for it to properly carry out its administrative duties. Not in limitation, but in amplification of the foregoing, the Plan Administrator has complete discretion to construe or interpret the provisions of the Plan, including ambiguous provisions, if any, and to determine all questions that may arise under the Plan, including all questions relating to the eligibility of Employees to participate in the Plan and the amount of benefit to which any Participant, Beneficiary, or Contingent Annuitant may become entitled. The Plan Administrator's decisions upon all matters within the scope of its authority shall be final.

Unless otherwise set out in the Plan or Annuity Contract, the Plan Administrator may delegate recordkeeping and other duties which are necessary to assist it with the administration of the Plan to any person or firm which agrees to accept such duties. The Plan Administrator shall be entitled to rely upon all tables, valuations, certificates and reports furnished by the consultant or actuary appointed by the Plan Administrator and upon all opinions given by any counsel selected or approved by the Plan Administrator.

The Plan Administrator shall receive all claims for benefits by Participants, former Participants, Beneficiaries, and Contingent Annuitants. The Plan Administrator shall determine all facts necessary to establish the right of any claimant to benefits and the amount of those benefits under the provisions of the Plan. The Plan Administrator may establish rules and procedures to be followed by claimants in filing claims for benefits, in furnishing and verifying proofs necessary to determine age, and in any other matters required to administer the Plan.

SECTION 9.02--EXPENSES.

Expenses of the Plan, to the extent that the Employer does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is consistent with any law to which the Plan is subject. Such expenses include, but are not limited to, expenses for recordkeeping and other administrative services; fees and expenses of the Trustee or Annuity Contract; expenses for investment education service; and direct costs that the Employer incurs with respect to the Plan. Expenses that relate solely to a specific Participant or Alternate Payee may be assessed against such Participant or Alternate Payee as provided in the service and expense agreement or such other documents duly entered into by or with regard to the Plan that govern such matters.

SECTION 9.03--RECORDS.

All acts and determinations of the Plan Administrator shall be duly recorded. All these records, together with other documents necessary for the administration of the Plan, shall be preserved in the Plan Administrator's custody.

Writing (handwriting, typing, printing), photostating, photographing, microfilming, magnetic impulse, mechanical or electrical recording, or other forms of data compilation shall be acceptable means of keeping records.

SECTION 9.04--DELEGATION OF AUTHORITY.

All or any part of the administrative duties and responsibilities under this article may be delegated by the Plan Administrator to a retirement committee. The duties and responsibilities of the retirement committee shall be set out in a separate written agreement.

SECTION 9.05--EXERCISE OF DISCRETIONARY AUTHORITY.

The Employer, Plan Administrator, and any other person or entity who has authority with respect to the management, administration, or investment of the Plan may exercise that authority in its/his full discretion, subject only to the duties imposed under any law to which the Plan is subject. This discretionary authority includes, but is not limited to, the authority to make any and all factual determinations and interpret all terms and provisions of the Plan documents relevant to the issue under consideration. The exercise of authority will be binding upon all persons; will be given deference in all courts of law to the greatest extent allowed under law; and will not be overturned or set aside by any court of law unless found to be arbitrary and capricious or made in bad faith.

SECTION 9.06--TRANSACTION PROCESSING.

Transactions (including, but not limited to, investment directions, trades, loans, and distributions) shall be processed as soon as administratively practicable after proper directions are received from the Participant or other parties. No guarantee is made by the Plan, Plan Administrator, Trustee, Insurer, or Employer that such transactions will be processed on a daily or other basis, and no guarantee is made in any respect regarding the processing time of such transactions.

Notwithstanding any other provision of the Plan, the Employer, the Plan Administrator, or the Trustee reserves the right to not value an investment option on any given Valuation Date for any reason deemed appropriate by the Employer, the Plan Administrator, or the Trustee.

Administrative practicality will be determined by legitimate business factors (including, but not limited to, failure of systems or computer programs, failure of the means of the transmission of data, force majeure, the failure of a service provider to timely receive values or prices, and correction for errors or omissions or the errors or omissions of any service provider) and in no event will be deemed to be less than 14 days. The processing date of a transaction shall be binding for all purposes of the Plan and considered the applicable Valuation Date for any transaction.

ARTICLE X

GENERAL PROVISIONS

SECTION 10.01--AMENDMENTS.

The Employer may amend this Plan at any time by written amendment approved by the governing authority of the Employer, including any remedial retroactive changes (within the time specified by Internal Revenue Service regulations), to comply with any law or regulation issued by any governmental agency to which the Plan is subject. The Employer may correct obvious and unambiguous typographical errors and cross references that merely correct a reference but that do not in any way change the original intended meaning of the provisions.

An amendment may not allow reversion or diversion of Plan assets to the Employer at any time, except as may be required to comply with any law or regulation issued by any governmental agency to which the Plan is subject.

SECTION 10.02--DIRECT ROLLOVERS.

Notwithstanding any provision of the Plan to the contrary that would otherwise limit a Distributee's election under this section, a Distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover. A Designated Beneficiary of a Participant who is not the surviving spouse of the Participant may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of a distribution, that would be an Eligible Rollover Distribution if the Designated Beneficiary were a Distributee, paid in a Direct Rollover to an individual retirement plan described in Code Section 402(c)(8)(B)(i) or (ii) established for the purposes of receiving the distribution on behalf of the Designated Beneficiary. If such Direct Rollover is made: (i) such Direct Rollover shall be treated as an Eligible Rollover Distribution; (ii) the individual retirement plan shall be treated as an inherited individual retirement account or individual retirement annuity (within the meaning of Code Section 408(d)(3)(C)); and (iii) Code Section 401(a)(9)(B) (other than clause (iv) thereof) shall apply to such plan. For this purpose, certain trusts shall be treated as a Designated Beneficiary as provided in Code Section 402(c)(11)(B).

In the event of a mandatory distribution of an Eligible Rollover Distribution greater than \$1,000 in accordance with the SMALL AMOUNTS SECTION of this article (or which is a small amounts payment under Article VIII at complete termination of the Plan), if the Participant does not elect to have such distribution paid directly to an Eligible Retirement Plan specified by the Participant in a Direct Rollover or to receive the distribution directly, the Plan Administrator will authorize the payment of the distribution in a Direct Rollover to an individual retirement plan designated by the Plan Administrator.

In the event of any other Eligible Rollover Distribution to a Distributee in accordance with the SMALL AMOUNTS SECTION of this article (or which is a small amounts payment under Article VIII at complete termination of the Plan), if the Distributee does not elect to have such distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover or to receive the distribution directly, the Plan Administrator will authorize the payment of the distribution to the Distributee.

SECTION 10.03--PROVISIONS RELATING TO THE INSURER AND OTHER PARTIES.

The obligations of an Insurer shall be governed solely by the provisions of the Annuity Contract. The Insurer shall not be required to perform any act not provided in or contrary to the provisions of the Annuity

Contract. Each Annuity Contract when purchased shall comply with the Plan. See the CONSTRUCTION SECTION of this article.

Any issuer or distributor of investment contracts or securities is governed solely by the terms of its policies, written investment contract, prospectuses, security instruments, and any other written agreements entered into with the Trustee with regard to such investment contracts or securities.

Such Insurer, issuer or distributor is not a party to the Plan, nor bound in any way by the Plan provisions. Such parties shall not be required to look to the terms of this Plan, nor to determine whether the Employer, the Plan Administrator, or the Trustee have the authority to act in any particular manner or to make any contract or agreement.

Until notice of any amendment or termination of this Plan or a change in Trustee has been received by the Insurer at its home office or an issuer or distributor at their principal address, they are and shall be fully protected in assuming that the Plan has not been amended or terminated and in dealing with any party acting as Trustee according to the latest information which they have received at their home office or principal address.

SECTION 10.04--EMPLOYMENT STATUS.

Nothing contained in this Plan gives an Employee the right to be retained in the Employer's employ or to interfere with the Employer's right to discharge any Employee.

SECTION 10.05--RIGHTS TO PLAN ASSETS.

An Employee shall not have any right to or interest in any assets of the Plan upon termination of employment or otherwise except as specifically provided under this Plan, and then only to the extent of the benefits payable to such Employee according to the Plan provisions.

Any final payment or distribution to a Participant or his legal representative or to any Beneficiaries or Contingent Annuitant of such Participant under the Plan provisions shall be in full satisfaction of all claims against the Plan, the Plan Administrator, the Insurer, the Trustee, and the Employer arising under or by virtue of the Plan.

SECTION 10.06--BENEFICIARY.

Each Participant may name a Beneficiary to receive any death benefit (other than any income payable to a Contingent Annuitant) that may arise out of his participation in the Plan. The Participant may change his Beneficiary from time to time. The Participant's Beneficiary designation and any change of Beneficiary shall be subject to the provisions of the ELECTION PROCEDURES SECTION of Article VI.

It is the responsibility of the Participant to give written notice to the Plan Administrator of the name of the Beneficiary on a form furnished for that purpose. The Plan Administrator shall maintain records of Beneficiary designations for Participants before their Retirement Dates. However, the Plan Administrator may delegate to another party the responsibility of maintaining records of Beneficiary designations. In that event, the written designations made by Participants shall be filed with such other party. If a party other than the Insurer maintains the records of Beneficiary designations and a Participant dies before his Retirement Date, such other party shall certify to the Insurer the Beneficiary designation on its records for the Participant.

If there is no Beneficiary named or surviving when a Participant dies, the Participant's Beneficiary shall be the Participant's surviving spouse, or where there is no surviving spouse, the executor or administrator of the Participant's estate.

SECTION 10.07--CONSTRUCTION.

The validity of the Plan or any of its provisions is determined under and construed according to Federal law and, to the extent permissible, according to the laws of the state in which the Employer has its principal office. In case any provision of this Plan is held illegal or invalid for any reason, such determination shall not affect the remaining provisions of this Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had never been included.

In the event of any conflict between the provisions of the Plan and the terms of any Annuity Contract issued hereunder, the provisions of the Plan control.

SECTION 10.08--LEGAL ACTIONS.

No person employed by the Employer; no Participant, former Participant, or their Beneficiaries; nor any other person having or claiming to have an interest in the Plan is entitled to any notice of process. A final judgment entered in any such action or proceeding shall be binding and conclusive on all persons having or claiming to have an interest in the Plan.

SECTION 10.09--SMALL AMOUNTS.

If the Vested Account of a Participant is \$5,000 or less, his entire Vested Account shall be paid in a single sum as of the earliest of his Retirement Date, the date he dies, or the date he has a Severance from Employment for any other reason (the date the Employer provides notice to the record keeper of the Plan of such event, if later). This is a small amounts payment.

If a small amounts payment is made as of the date the Participant dies, the small amounts payment shall be made to the Participant's Beneficiary. If a small amounts payment is made while the Participant is living, the small amounts payment shall be made to the Participant. The small amounts payment is in full settlement of all benefits otherwise payable.

No other small amounts payments shall be made.

SECTION 10.10--WORD USAGE.

The masculine gender, where used in this Plan, shall include the feminine gender and the singular words, where used in this Plan, shall include the plural, unless the context indicates otherwise.

The words "in writing" and "written," where used in this Plan, shall include any other forms, such as voice response or other electronic system, as permitted by any governmental agency to which the Plan is subject.

SECTION 10.11--MILITARY SERVICE.

Notwithstanding any provision of this Plan to the contrary, the Plan shall provide contributions, benefits, and service credit with respect to Qualified Military Service in accordance with Code Section 414(u).

Beginning January 1, 2007, a Participant who dies on or after January 1, 2007 while performing Qualified Military Service is treated as having resumed and then terminated employment on account of death, in accordance with Code Section 401(a)(37) and any subsequent guidance. The survivors of such Participant are entitled to any additional benefits provided under the Plan on account of death of the Participant. (There are no additional benefits provided under this Plan on account of death of the Participant. In addition, no Employer Contribution is provided for the period of Qualified Military Service immediately preceding the death of the Participant.)

SECTION 10.12—GOVERNING LAW.

The Plan shall be governed by the laws of the State of Georgia to the extent applicable, and to the extent not applicable, by federal law.

SECTION 10.13—NON-ALIENATION OF BENEFITS.

Except with respect to federal income tax withholding, benefits payable under this Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy of any kind, either voluntary or involuntary, including any such liability which is for alimony or other payments for the support of a Spouse or former spouse or for any other relative of the Employee, prior to actually being received by the person entitled to the benefit under the terms of the Plan; and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable hereunder, shall be void.

By executing this Plan, the Employer acknowledges having counseled to the extent necessary with selected legal and tax advisors regarding the Plan's legal and tax implications.

Executed this 4th day of March, 2011.
